

Cut to size

The **Cratos** shower trays can be cut to size, adapting to the shower area in the bathroom.

The following graph shows the dimensions in mm.

Cut-to-size options

Below you will find the possible cuts to be made. Please contact your Roca store if you require more information.

1 side

Two adjoining sides

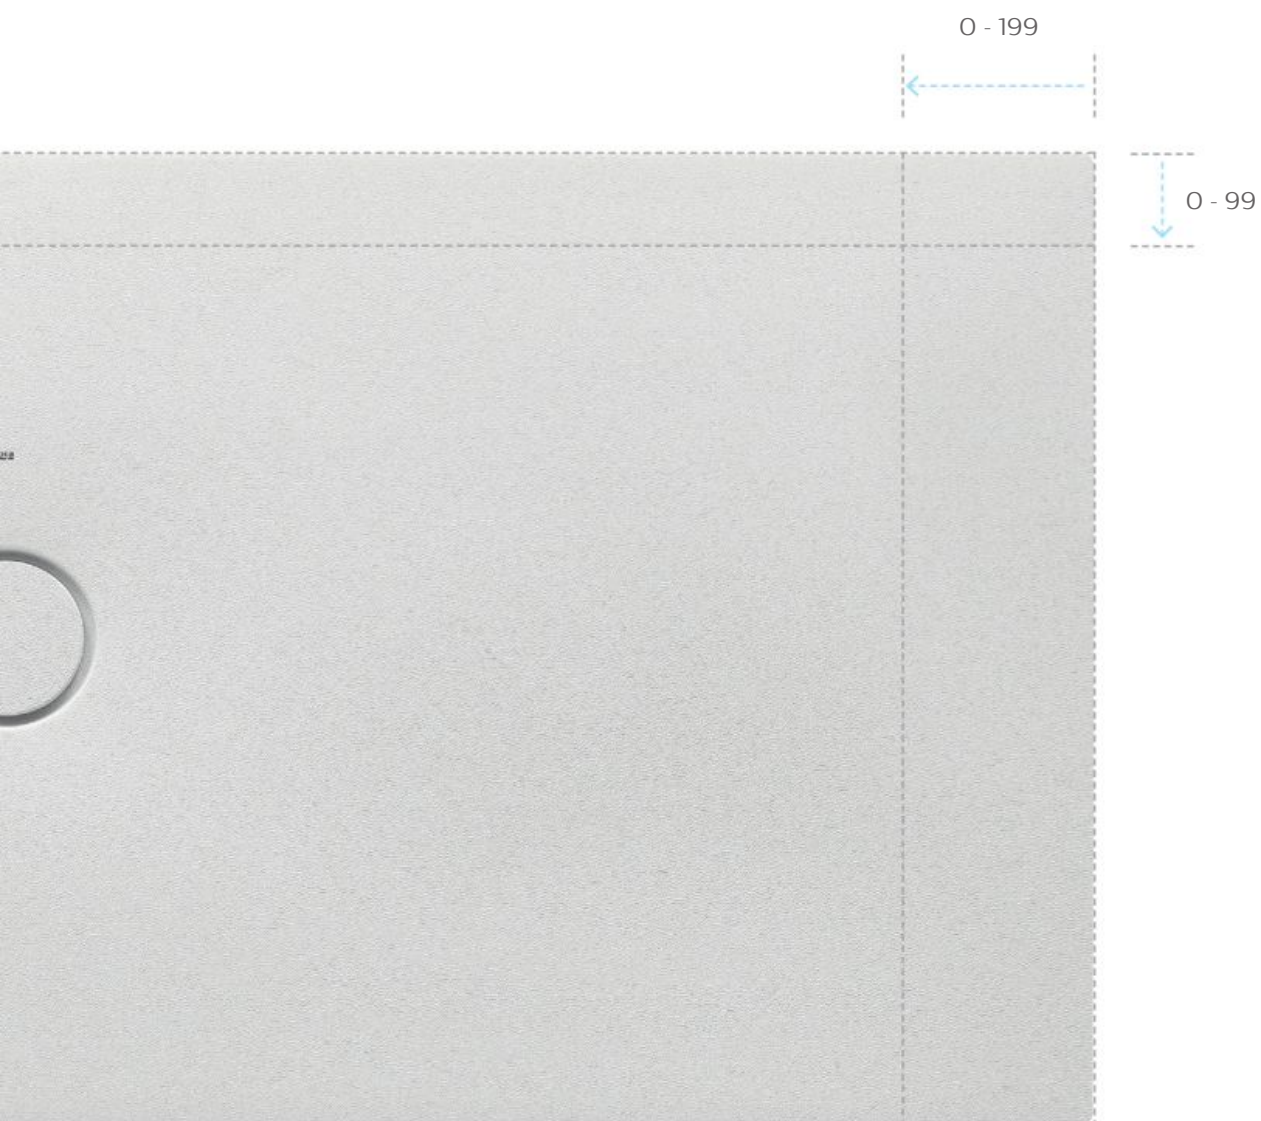

2 opposite sides

3 sides

Waste position

Below you will find the position of the waste depending on the sides to be cut.
