

Verso

Modular Bathroom Furniture Collection

Modular design, made to be yours.

Verso begins with one idea: freedom to create. A modular bathroom system designed to adapt perfectly to your space and lifestyle.

From compact city bathrooms to spacious family homes and hospitality projects, Verso offers flexibility, functionality, and clarity. Intuitive for users and precise enough for professionals to plan with confidence, Verso transforms any space into a bathroom designed entirely around those who use it.

The Verso Signature	2
The 5 Verso Steps	8
Details That Last	30

The Verso Signature

Every Verso element follows the same logic: straight lines, balanced proportions, and a controlled palette.

Modularity ensures harmony. From a single compact unit to a wide composition with auxiliary storage, the system's identity remains consistent.

A truly modular system with a wide range of compositions

Base unit with two drawers and auxiliary side unit with two shelves in Terracotta / Ona basin in matt white / Ona faucet in matt white and Allegro accessories in matt white.

Materials and surfaces are selected to endure, and the engineering behind the furniture holds that clarity in daily use.

Base and auxiliary units in Magnolia / Countertop in white Paros / Ona basins/ Ona faucets in brushed brass / Luna Ambient mirror and Hotel's accessories in brushed brass.

The 5 Verso Steps

The range adapts to different needs and habits. Base units form the foundation, complemented by side cabinets, tall storage, or open shelves. Columns and top cabinets extend storage vertically, keeping floors clear, while countertops run seamlessly across single or multiple units.

Basins integrate naturally. Unik models align dimensionally with the base units, while over countertop models introduce distinct moods within the same system.

Configuring the entire system is simple and intuitive: in just five steps.

Details That Last

Every element of Verso is designed to last, combining precision, durability, and understated elegance.

The continuous aluminium handle connects every module across widths and configurations, creating one recognisable horizon.

Countertops set the tone. They are available in warm wood-effect or distinctive stone-look finishes, crafted to endure while adding character to the bathroom.

Every touchpoint is crafted with care: drawer boxes resist marks, guides extend fully and close softly, drawers adjust vertically and horizontally, and space-saving siphons protect capacity. Installation ensures perfect alignment, so your bathroom stays precise and reliable over time.

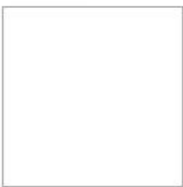

More Finishes, More Options

Finishes support this atmosphere without dominating the room, bringing gentle warmth, graphic depth, and refined character. The palette is harmonized across furniture and tops, so compositions remain consistent even when new pieces are added years later.

Verso is created not only for today but for the future. Its modular system stays open to new finishes, basins and accessories, always consistent as a whole. It grows with users, adapts as life changes, and at its core expresses one idea: the bathroom as a sanctuary – clarity, balance and durability that make spaces calm and reliable.

Our Planet

Our Home

We are committed to putting people and the planet at the center of every decision we make. Because creating a sustainable future starts with the spaces we live in, and how we produce these spaces is key. That's why we craft products that bring comfort, beauty, and balance to your home, while protecting the planet every step of the way.

Every detail matters: from eco-designing products that last a lifetime to minimizing emissions, using clean energy, and reducing water and resource consumption. We believe that a home - whether our own or the planet we all share - should be a place of wellbeing, harmony, and care. This belief guides our comprehensive approach to sustainability, which involves taking a wide range of actions, such as reusing and recycling more, improving our processes, and ensuring access to water and sanitation for those who need it most, among many other initiatives.

Our EcoVadis Platinum Medal for outstanding sustainability performance places Roca Group among the top 1% of over 150,000 companies assessed globally.

We are committed to taking action for the Sustainable Development Goals as proud members of the United Nations Global Compact.

*Between 2018 and 2024 |
**FY2024

For over a century, Roca has embodied what it means to feel excellence: a philosophy where quality and emotion meet in every surface, colour and material. Through design, sustainability, functionality and technology, Roca has transformed the bathroom from a purely practical space into a sanctuary of well-being.

This balance between innovation and sensibility is part of Roca's identity. Born in Barcelona, the brand is shaped by heritage and culture, carrying the city's creativity, architectural legacy and Mediterranean lifestyle. Its designs celebrate connection, beauty and refined simplicity. Today, this spirit extends across the globe, with Roca present in more than 170 countries, bringing its vision of the bathroom experience to diverse lifestyles.

Guided by a constant pursuit of excellence, Roca continues to explore new ideas, materials and technologies that enrich daily life while caring for people and the planet. This commitment is reflected in every collection, inspiring people everywhere to live the best bathroom experience.
