

L20 Round

Modern Design for the Next Generation

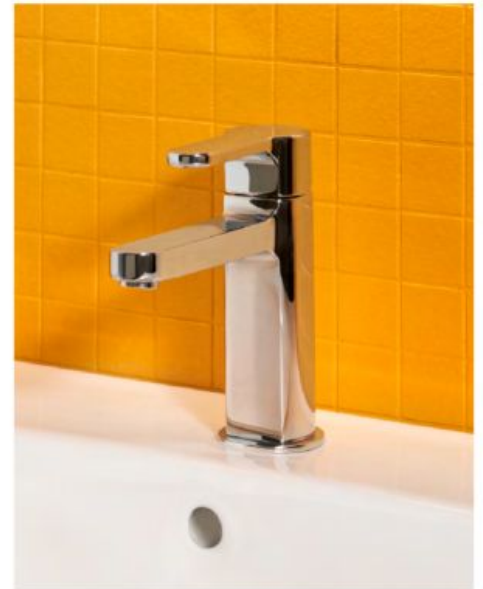

Soft Curves With Smart Design.

Reimagined in form and lighter in expression, the L20 Round collection is a perfect match for the contemporary person with an ever-evolving lifestyle. It combines the practicality of an ergonomic handle and precise water control with a unique, rounded silhouette.

The Collection

The L20 Round collection redefines modern design for a new generation. Beyond its minimalist aesthetic, the collection's performance, convenience and wide range of applications make it a versatile choice for any space.

Everyday Comfort

Engineered for Long-Term Performance

Usability, quality and sustainability all play a crucial role in the development of a collection. To meet the demands of everyday use, L20 Round has been engineered with long-term, reliable performance in mind. Each faucet has been tested for over one million opening and closing movements, prioritising smooth operation and durability even in high-use environments.

Design with Efficiency

Efficiency is integrated into the design from the very first touch. Cold Start technology opens the faucet in cold water by default, helping to avoid unnecessary boiler activation and reducing energy consumption. Water-saving aerators limit flow to 5 litres per minute, providing a comfortable experience while also supporting responsible water use.

A Versatile Range of Solutions

L20 Round offers a variety of solutions to fit different layouts and needs. From multiple basin and bidet faucets to wall-mounted and built-in bath and shower pieces, the collection shares a consistent visual language across the entire bathroom.

Basin Faucets

The collection's deck-mounted and smooth body format comes in sizes ranging from small to XL, along with an L-size side handle option. Easily adaptable to various basin types, the built-in two-hole model expands possibilities even more, creating a clean and sophisticated look.

Our Planet

Our Home

We are committed to putting people and the planet at the center of every decision we make. Because creating a sustainable future starts with the spaces we live in, and how we produce these spaces is key. That's why we craft products that bring comfort, beauty, and balance to your home, while protecting the planet every step of the way.

Every detail matters: from eco-designing products that last a lifetime to minimizing emissions, using clean energy, and reducing water and resource consumption. We believe that a home - whether our own or the planet we all share - should be a place of wellbeing, harmony, and care. This belief guides our comprehensive approach to sustainability, which involves taking a wide range of actions, such as reusing and recycling more, improving our processes, and ensuring access to water and sanitation for those who need it most, among many other initiatives.

Our EcoVadis Platinum Medal for outstanding sustainability performance places Roca Group among the top 1% of over 150,000 companies assessed globally.

We are committed to taking action for the Sustainable Development Goals as proud members of the United Nations Global Compact.

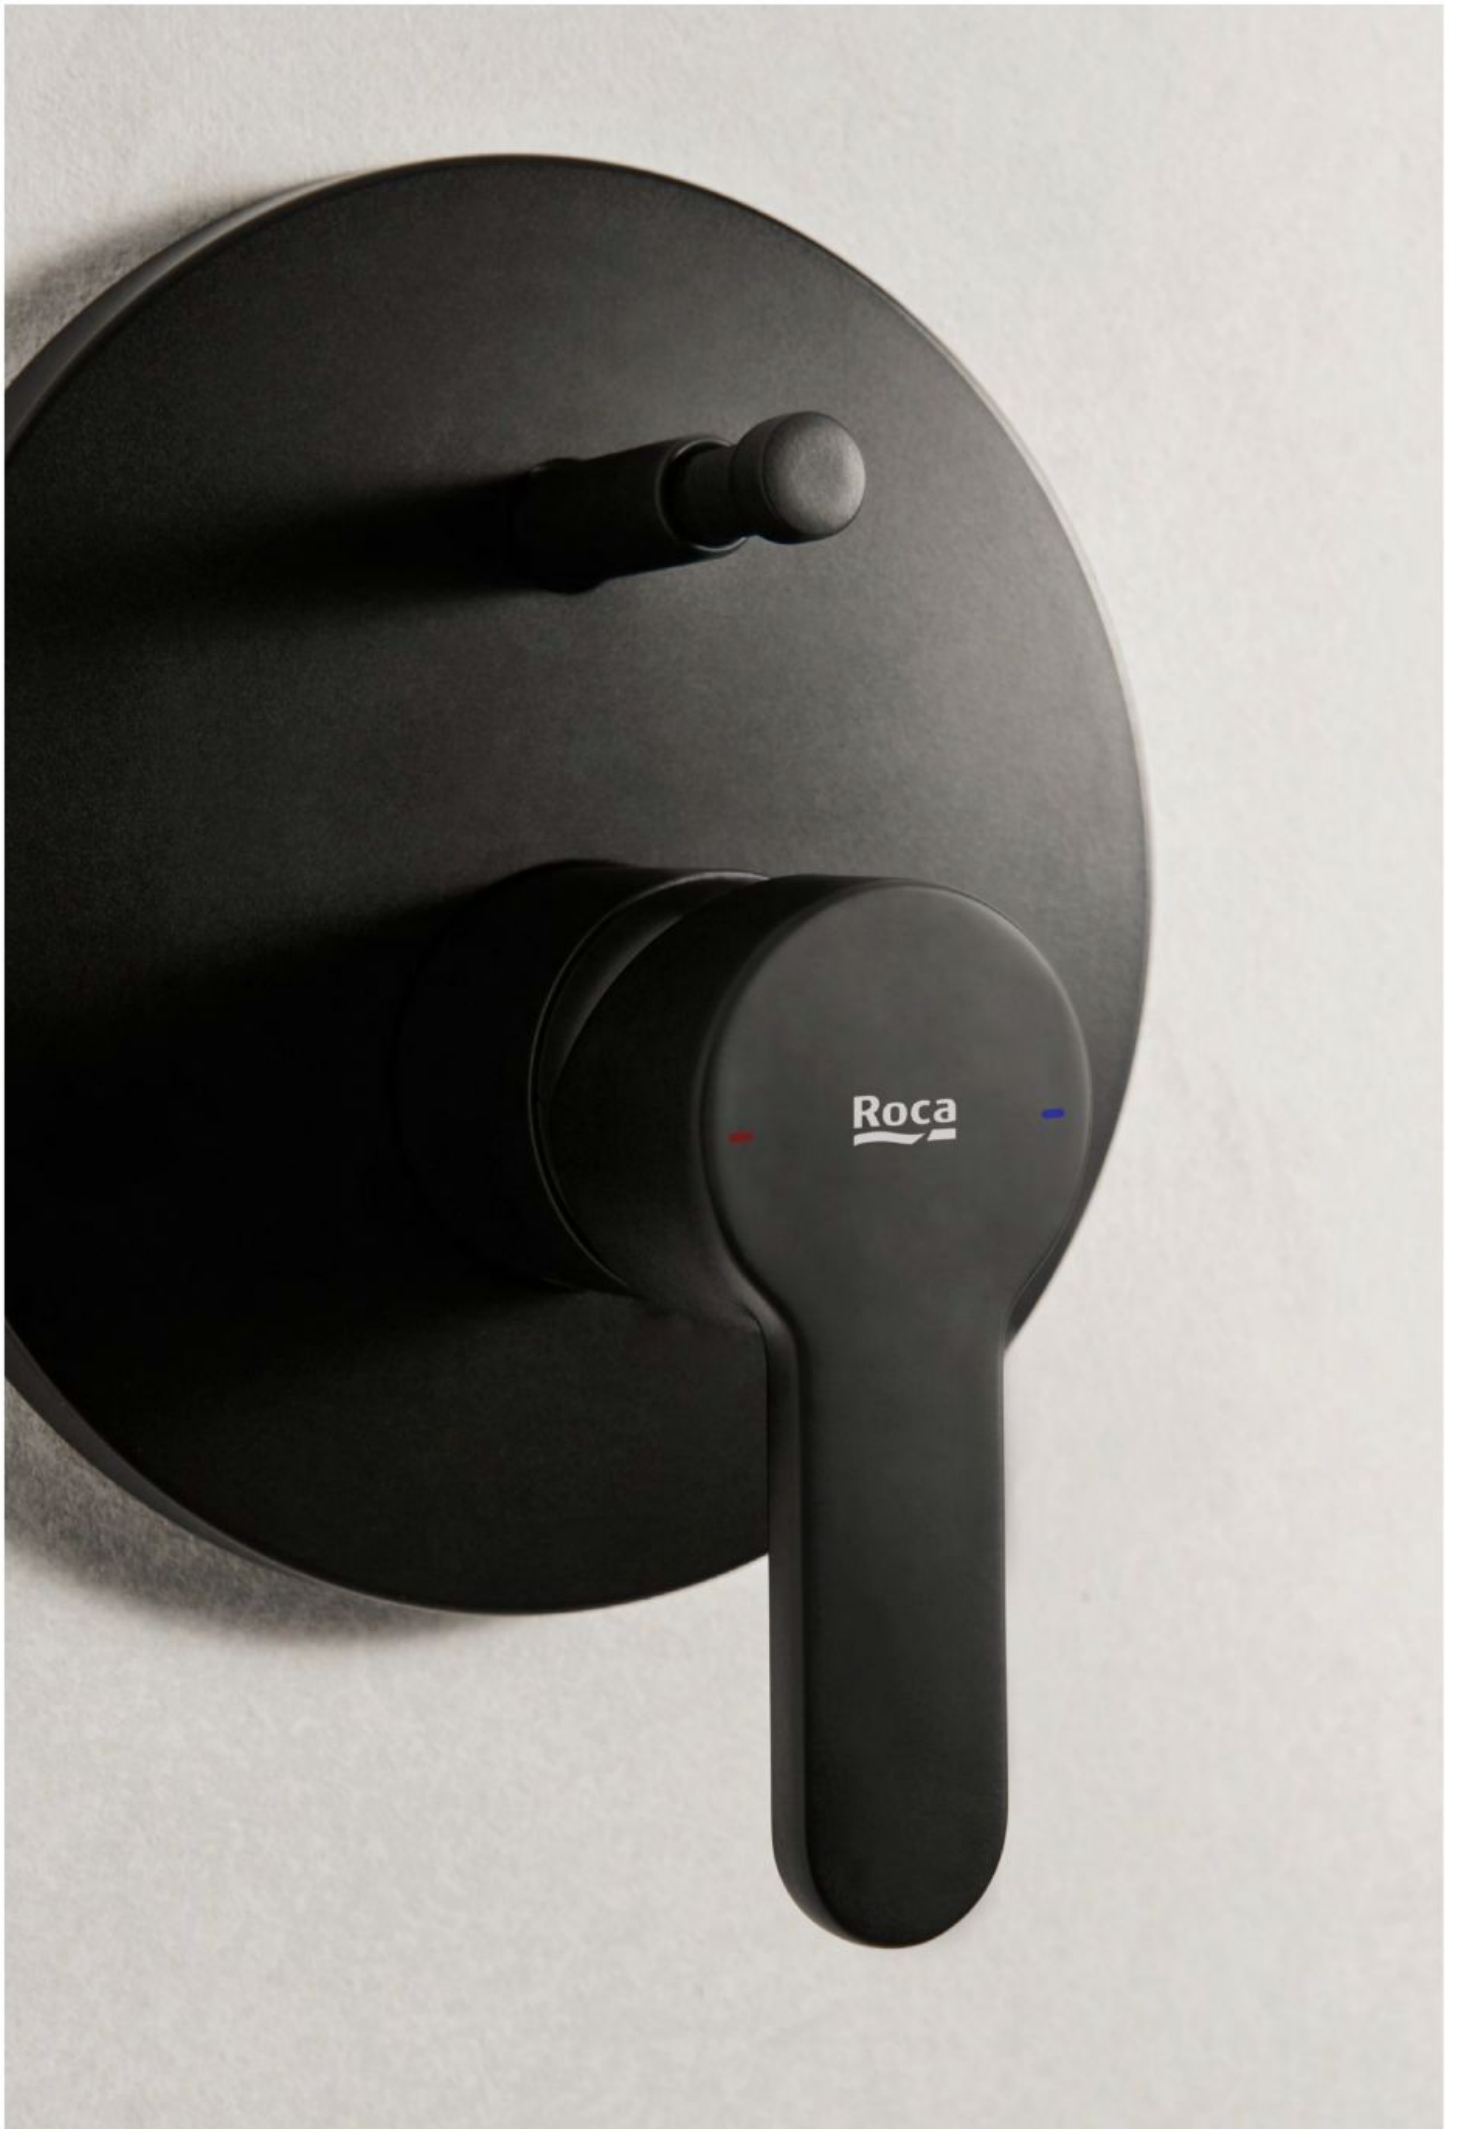

Many of our products are registered with the Unified Water Label scheme. This scheme identifies water-saving products that, when installed and used correctly, will use less water, saving energy and money.

The Water Label is used across Europe for most bathroom products.

Throughout our brochure, we have highlighted the faucets with the best water-saving performance, marking those that are 'best in class' in terms of water efficiency. The flow rate classification is measured at 3 bar pressure. For more information and complete details on water flow rates and classification, please visit www.uwla.eu.

*Between 2018 and 2024 |
**FY2024

For over a century, Roca has embodied what it means to feel excellence: a philosophy where quality and emotion meet in every surface, colour and material. Through design, sustainability, functionality and technology, Roca has transformed the bathroom from a purely practical space into a sanctuary of well-being.

This balance between innovation and sensibility is part of Roca's identity. Born in Barcelona, the brand is shaped by heritage and culture, carrying the city's creativity, architectural legacy and Mediterranean lifestyle. Its designs celebrate connection, beauty and refined simplicity. Today, this spirit extends across the globe, with Roca present in more than 170 countries, bringing its vision of the bathroom experience to diverse lifestyles.

Guided by a constant pursuit of excellence, Roca continues to explore new ideas, materials and technologies that enrich daily life while caring for people and the planet. This commitment is reflected in every collection, inspiring people everywhere to live the best bathroom experience.
