The robust soft-close Hettich drawer runners are designed to close the drawers slowly and gently reducing the risk of accidents in the bathrooms.

Personalise your look

Victoria-N now offers you the choice of basin bowl, the new oval basin will add a soft touch to your bathroom, whilst the square basin offers a modern and contemporary finished look.

Choice of furniture finishes

A choice of four different furniture finishes are available, choose a high-gloss finish or textured wood finish to complement your bathroom space.

Maximising storage space

With the choice of two different column unit sizes, Victoria-N offers you the opportunity to maximise storage space in larger and smaller bathroom spaces.

Each column unit is reversible allowing the user to choose the handing of the unit to suit their bathroom.

Upgraded interior drawer finish

Modern design is not only on the outside, the Victoria-N drawer units have been upgraded now to include a linen textured interior drawer finish, adding a contemporary finish to your bathroom.

Light up your bathroom

Complement your bathroom with the addition of a new LED spotlight. Energy saving and long-lasting, LED lights emit a cool white light, similar to natural daylight which is ideal for applying make-up and shaving.

Integrated handle

Ergonomically designed providing a comfortable solution whilst saving space in the bathroom, the integrated handle offers a distinct modern look to your bathroom.

Optional Legs

Victoria-N furniture is installed to the wall using secure fixing brackets, for a more traditional look pair the unit with chrome plated square legs which complement the handle design and other bathroom accessories when installed.
